## 🪪 PROFILE

Over the past 10 years, I've worked in the electronic payments industry, actively contributing to its evolution and transformation. I'm now specializing in DevOps and Cloud Engineering, eager to join an organization where I can develop my skills further and bring the value of my previous experience - including the corporate culture and best practices I've gained throughout my career.

## 🎓 EDUCATION

**02/2025 - Present**

**Assocate Degree AWS Cloud Engineer,** *Digital Career Institute, Berlin*
- Develop and deploy web applications using **Python (Flask)** and **PostgreSQL**.
- Containerize applications with **Docker** and automate build pipelines using **Jenkins (CI/CD)**.
- Implement **Infrastructure as Code (IaC)** solutions with **Terraform** and **AWS CloudFormation**.
- Manage cloud infrastructure and services on **AWS** (EC2, S3, RDS, Lambda, IAM, VPC).
